

Lorenzo Gregoris

l.gregoris@tue.nl • <https://lollox1k.github.io/>
Eindhoven, the Netherlands

Research interests

Markov Chains, Statistical Mechanics, Discrete Probability, Combinatorics, Graph Theory, Algorithms.

Education

- 2024 – Present **Eindhoven University of Technology** – Eindhoven, the Netherlands
PhD in Probability
Project: Distributed Algorithms for Large Markov Chains
Advisor: Nelly Litvak
- 2021 – 2024 **Sapienza University of Rome** – Rome, Italy
Master's degree in Applied Mathematics & Data Science
Thesis: The Random Path Representation of the Spin $O(N)$ Model
Advisor: L. Taggi, *Final Mark:* 100/100 cum laude.
- 2018 – 2021 **Sapienza University of Rome** – Rome, Italy
Bachelor's degree in Physics
Thesis: Phase Transition in Random K-SAT Problems
Advisor: F. Ricci-Tersenghi, *Final Mark:* 100/100.

Teaching experience

- Spring 2025 **Teaching assistant, Probability and Statistics for CS (TU/e)**
Probability Course for First year Bachelor Computer Science students. I did tutorials, wrote exercises, and graded. Also managed the grade administration.
- Spring 2025 **Teaching assistant, Statistical Learning Theory (TU/e)**
Statistical Learning Theory course for Master students. I did tutorials, wrote solutions for exercises, and graded.

- Fall 2024 **Teaching assistant, Statistics for Industrial Engineering (TU/e)**
Statistics course for first year Industrial Engineering students. I did tutorials and graded.
- Spring 2023 **Mathematics and Physics High School Teacher** – Rome, Italy
Taught Mathematics and Physics at high school level for one semester. Member of the *Maturità* commission.

Talks

- Apr. 2025 The Cash Drain Game on a Network
The 19th NETWORKS Training Week.
- Feb. 2025 Convergence of the RLGL Algorithm
SPOR PhD Day, Eindhoven University of Technology.
- Jan. 2023 Matroids and Combinatorial Optimization
Combinatorics and Graph Theory exam, Sapienza University of Rome.

Technical skills

Programming languages: Python, Java, JavaScript, C, C++, C#, R, $\LaTeX$, Assembly, GD Script.

Frameworks: PyTorch, Scikit-learn, Pandas, TensorFlow, Keras, React.

Languages

Italian (first language)

English (C1)

Other interests

Classical and Jazz Music, Piano playing, Calisthenics, Virtual Reality, Reading, Anime.
